DESCRIZIONE ULTIMI 3 KM

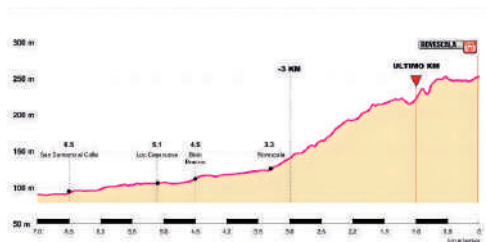

Dal cartello dei -3 km fino a circa 1,5 km dall'arrivo, in prossimità del cimitero di Rovescala, il percorso è caratterizzato da una salita costante con una pendenza media di circa il 9%. Seguono 500 metri dal profilo ondulato fino alla segnalazione dell'ultimo chilometro, situata nei pressi della Cappella SS. Madonna di Caravaggio: il tratto è leggermente pianeggiante nella prima parte e in lieve discesa nella seconda.

Da qui ha inizio una nuova salita di circa 250 metri, con una pendenza media del 9%, seguita da un tratto di altri 250 metri pressoché pianeggiante che conduce verso il centro di Rovescala. Ha quindi inizio il rettilineo finale di 500 metri che porta al traguardo: i primi 350 metri sono pianeggianti, mentre gli ultimi 150 metri presentano una leggera salita con una pendenza di circa il 5%.

DESCRIPTION OF THE LAST 3 KM

From the 3 km to go marker to approximately 1.5 km from the finish, near the Rovescala cemetery, the course features a steady climb with an average gradient of around 9%. This is followed by a 500-metre undulating section leading to the 1 km to go marker, located near the Chapel of SS. Madonna di Caravaggio. The first part of this section is slightly flat, while the second part descends gently.

From there, the course climbs again for approximately 250 metres, with an average gradient of 9%, followed by another 250-metre section that is almost entirely flat as it approaches the centre of Rovescala. The final 500-metre straight then leads to the finish line: the first 350 metres are flat, while the last 150 metres rise gently at an average gradient of approximately 5%.

ART. 19 Sanctions: The UCI tables of offences and penalties are the only ones applicable.

ART. 20 Feeding Riders may refuel directly from the cars of their own sports teams. Any exceptions regarding distance will be communicated and regulated by the Panel of Commissaires. (UCI Art. 2.3.025/026 bis/27).

Along the route, depending on the technical characteristics of the course, fixed 'ground refuelling' zones are provided. These areas will be clearly marked and are indicated in the kilometre tables and GPX tracks. The organiser reserves the right, however, to issue any specific instructions regarding support vehicles that must reach the finish area.

ART. 21 Protection of environmental The organisers are committed to respecting the environment by promoting awareness in the start and finish hospitality areas through separate waste collection. In addition to the litter zones, as per Art. 20, immediately after the race has passed, the organisers will arrange, with dedicated staff, for the collection of items and any waste attributable to the race.

In addition to the organisers' commitment, all those involved in the sporting event are urged to behave in a manner that respects the environmental protection of the areas traversed.

ART. 22 Medical Service: the medical service appointed by the organiser is headed by Dr Natale Contalini and will be assisted by an adequate number of medical and paramedical staff.

It is operational throughout the race and is also available before the start and after the finish. If necessary, the doctors are solely responsible for transporting participants to the hospitals indicated in the Technical Guide. During the race, medical treatment requiring particular care or during climbs must be provided whilst stationary.

ART. 23 Road traffic rules Competitors and drivers of accredited cars and motorcycles must comply with the provisions of the Italian Highway Code, the regulations of the UCI and the FCI. They must also comply with the instructions of the Race Director and his staff.

The event will be led and brought to a close by cars displaying the signs "start of the cycle race" and "end of the cycle race". Any rider who withdraws, or is ordered to withdraw, must remove their race number and must not, under any circumstances, join the riders still in the race, thereby becoming, for all intents and purposes, a mere road user.

Any rider overtaken by the vehicle displaying the sign "end of the cycle race" is, for all intents and purposes, out of the race and must therefore comply with the traffic regulations set out in the Highway Code. For matters not covered therein, the provisions of the Highway Code shall apply.

ART. 24 Liability: The organisers and their collaborators shall not be held liable in any way for any damage to persons or property resulting from accidents involving cars, motorbikes or bicycles accompanying the event, which are not owned by ASD Rovescalesi or its collaborators, or for any unlawful acts committed by participants in the event. For matters not covered herein, the sporting regulations of the UCI and the FCI shall apply, as well as the legal provisions of the Italian State, to which the organising body belongs.

ART. 25 Signposting: ASD Rovescalesi shall provide and coordinate the necessary signage along the race route. Prior to the event, each sports team will receive route maps in GPX format; furthermore, the technical guide will provide detailed information regarding safety and road conditions. The Organising Body shall not be held liable for any route errors incurred by riders as a result of tampering with or removal of signage.

ART. 26 Safeguarding Principles ASD Rovescalesi, represented by its president, Mr Remo Torreggiani, recognises sport as a social, educational and cultural tool and adheres to the principles of fair play, promoting and ensuring a sporting environment inspired by the concepts of loyalty, fairness, respect for others and inclusivity. As provided for in Article 16 of Legislative Decree No. 39 of 28 February 2021 and in accordance with the guidelines published by the Italian Cycling Federation (FCI), to which it is affiliated, regarding Safeguarding.
