ABU-DHABI

Abu Dhabi, the capital of the United Arab Emirates, is the country's largest Emirate, combining rich heritage, natural landscapes, and world-class infrastructure. Its total area is 67,340 km2.Abu Dhabi City in the Emirate is the federal capital of the UAE.

LOCATION AND GEOGRAPHY

The Emirate of Abu Dhabi lies on the coast of the Arabian Gulf and is bordered by the Sultanate of Oman to the east, the Kingdom of Saudi Arabia to the south and west, and the Emirate of Dubai to the northeast.

The three main regions of the Emirate are the city of Abu Dhabi, Al Ain in the east, and Al Dhafrah in the west.

In the eastern region, to the south of Al Ain city is Jebel Hafeet - the Emirate's highest peak (1,240 m). Al Dhafrah has seven main cities: Liwa, Madinat Zayed, Ghayathi, Ruwais, Mirfa, Sila and Delma Island.

The city of Abu Dhabi is connected to the mainland by four bridges: Maqta bridge, Mussafah bridge, Sheikh Zayed bridge and Sheikh Khalifa bridge.

TOURISTIC IMPORTANCE

Abu Dhabi has become a centre for world-class sporting events such as the Abu Dhabi Golf Championship, the prestigious Abu Dhabi Desert Challenge cross-country rally and the Formula One Abu Dhabi Grand Prix. Additionally, the city houses the world's largest concentration of premier cultural institutions which includes the Sheikh Zayed National Museum, the Guggenheim Abu Dhabi and Louvre Abu Dhabi.

Abu Dhabi is rich in natural wonders, too. While the famous Liwa Oasis in the south of the Emirate is home to some of the largest and most beautiful sand dunes in the world, the garden city of Al Ain in the foothills of Jebel Hafeet is home to several heritage sites.

DUBAI

Dubai is a global city renowned for its innovation, cultural diversity, and dynamic blend of heritage and modernity. The older districts of Dubai cover an area of 1,500 m^2. The Emirate has earned the titles of 'Pearl of the Gulf' and 'Jewel of the World' because of its heritage and history.

It is characterized by its historic creek, which divides the city into Deira in the north and Bur Dubai in the south.

In 2016, a new addressing system was launched which involved dividing the Emirate into 14 districts. Dubai has several sandy beaches on its western side, a mangrove at the eastern end of the creek, many deserts in the interior and western regions, and wadis in the Hatta region.

TOURISM

Dubai boasts a wide variety of world-class hotels, modern architecture, entertainment and dining venues, traditional markets, shopping centres and sporting event locations.

Some of the major tourist attractions in the Emirate are the wadis of Hatta, the sail-shaped Burj Al Arab hotel, which is also the world's only seven-star hotel, and Burj Khalifa, which is the world's tallest skyscraper.

متحف عجمان
AJMAN
MUSEUM

AJMAN

Ajman is the smallest of the seven Emirates, covering approximately 260 km², or 0.3% of the UAE's total area. While Ajman City offers modern services and digital infrastructure, it retains a strong sense of traditional character. The Emirate features sandy beaches, historic landmarks, and natural landscapes shaped by the rugged Hajar mountain range.

LOCATION AND GEOGRAPHY

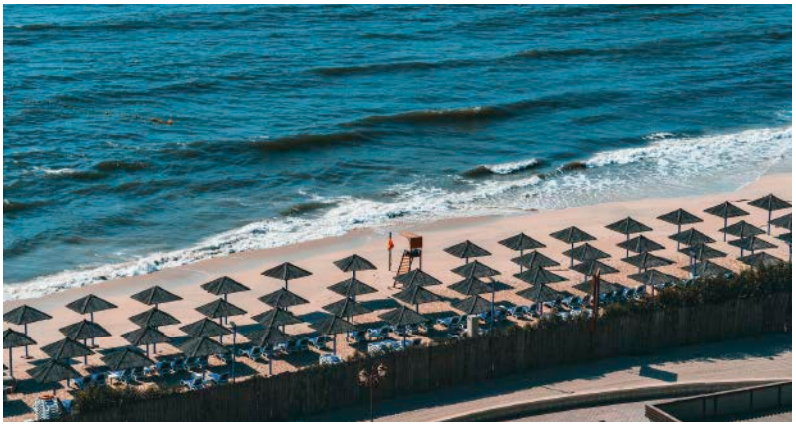

Ajman lies on the coast of the Arabian Gulf, in the northern part of the UAE. It is 16 km long and lies between the Emirates of Sharjah and Umm Al Quwain.

CULTURE AND HERITAGE

Ajman Fort is one of the country's historic landmarks, dating back to the 18th century. The fort has been restored and transformed into a museum. It contains archaeological discoveries and evidence of civilizations from different historic eras.

TOURISTIC IMPORTANCE

The magical beaches of Ajman with their fresh air, peaceful environment and clean water play host to a range of marine activities which attract many sea lovers. Some of the major landmarks in Ajman are Ajman Museum, Masfout Castle, Masfout Gate, and the Red Fort.

UMM AL QUWAIN

Umm Al Quwain is the second smallest and the least populated Emirate in the UAE. It covers an area of approximately 720 km2, which is equivalent to 1% of the UAE's area.

LOCATION AND GEOGRAPHY

Umm Al Quwain is situated between Sharjah to the southwest and Ras Al Khaimah to the northeast. The city of Umm Al Quwain is built on a narrow peninsula called Khor Al Bidiyah.

TOURISTIC IMPORTANCE

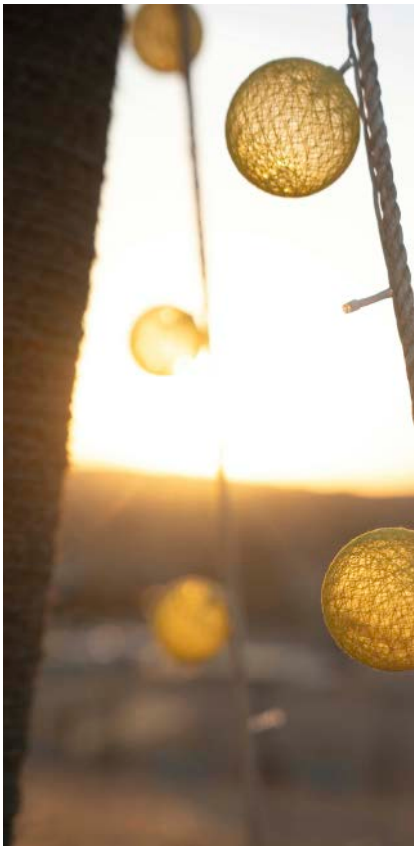

The Emirate is famous for coastal mangroves on the coast of Arabian Gulf and many islands that lie to the east of the mainland. The biggest island, Al Seniah, is home to Arabian gazelles, falcons and turtles. Umm Al Quwain provides facilities for numerous recreational activities, from sailing to skydiving. Traditional activities such as dhow building and sports such as falconry and camel racing are also popular in the Emirate. Dreamland Aqua Park, the UAE's largest water park and resort, attracts several visitors.

RAS AL KHAIMAH

Ras Al Khaimah is the fourth-largest Emirate and covers an area of 1,684 km2, which is equal to 3.16% of the total area of the UAE.

TOURISTIC IMPORTANCE

Ras Al Khaimah is located near the northernmost point of the UAE and shares its boundaries with the Emirates of Umm Al Quwain, Fujairah and Sharjah. It shares its international border with the Sultanate of Oman. The city of Ras Al Khaimah is the capital of the Emirate. A creek divides it into two areas: the western old town of Ras Al Khaimah and the eastern part - Al Nakheel. Other key towns are Al Jazirah Al Hamra, Digdaga, Khatt and Masafi.

Masafi shares its boundaries with the Emirate of Fujairah and is known for its mineral water. Al Marjan Island, to the south of the Emirate, is a group of four coral-shaped, man-made islands offering hospitality, residential and lifestyle attractions.

Ras Al Khaimah has a strategic geographical location, stretching along the shore of the Arabian Gulf, adjacent to the Strait of Hormuz.

TOURISTIC ATTRACTIONS

Ras Al Khaimah is an up-and-coming tourism hub. It has scenic locations with diverse landscapes, including rolling sand dunes, coastal strips, salt flats, mangroves and mountains. There are sulfur springs near the mountain areas and the Emirate is also home to a diverse range of wildlife that includes foxes, jerboas and hundreds of bird species.

Ras Al Khaimah is home to Jebel Jais, the highest peak in the UAE at 1,934 metres, and the site of the world's longest zipline certified by Guinness World Records.
The site also offers several other adventure attractions and has the highest restaurant in the UAE. Ras Al Khaimah was named Gulf Tourism Capital for both 2020 and 2021 by the Gulf Cooperation Council.

Visit the Department of Antiquities and Museums for a glimpse of the history of the Emirate and the Ras Al Khaimah Tourism Development Authority for more information on its tourist attractions.

FUJAIRAH

Fujairah is the only Emirate that is located completely on the eastern coast of the UAE along the Gulf of Oman. The shores of Fujairah extend along the Gulf of Oman for about 70 km from the city of Fujairah in the south to the town of Dibba in the far north. The total area of the Emirate of Fujairah is 1,450 km2.

LOCATION AND GEOGRAPHY

It shares its boundaries with the Emirates of Sharjah and Ras Al Khaimah on the west and the Emirate of Sharjah to the south. On the north, it shares its international border with the Sultanate of Oman.

TOURISTIC ATTRACTIONS

Fujairah is distinguished by its rugged mountains, valleys, waterfalls, oases and wide sandy beaches. It has several hot, cold and mineral springs. Because of its easterly location, Fujairah's climate is more moderate than that of Abu Dhabi and Dubai. Weekend visitors looking to escape the heat are drawn to Fujairah's relaxed and peaceful atmosphere.

Wadi Al Wurayah waterfalls and Ain Al Madhab Gardens are major touristic attractions, as are the historic Al Bidya Mosque and the Heritage Village.
